Dear Dr. Vanatta:

Enclosed is the Report of Findings presenting results of the cyclical monitoring which was conducted by the Bureau of Special Education (BSE) in the Southwood Psychiatric Hospital the week of January 23, 2023.

The Executive Summary is arranged in two parts and includes an Appendix. PART I presents the Summary of Findings including an explanation of the review process and general findings. PART II describes the corrective action process. A description identifying findings of noncompliance, corrective action required, improvement planning needed, and results of interviews of staff can be found in the Appendix. No systemic corrective action is required at this time. This is an outstanding achievement and your school district/facility is commended for attaining such a level of compliance. It is certainly my hope that the school district/facility continues its efforts to maintain this level of compliance.

Please convey my thanks to all staff who participated in the review. Their time and assistance is appreciated. If you have any questions about this report, contact Carmie Goclano, the Chairperson of the compliance monitoring team.

Sincerely,

Carole L. Clancy
Director
