Hi!

The estimated cost for the mulch is \$1,000. No cost to the school, we'll be donating. Whenever we get the approval we can get it ordered! Thanks,
Shari

Hi everyone,

I did not forget about this....I just forgot to follow up....I will get better, or at least get more used to operating on little sleep!

The only piece of information that we need to move forward is the approximate cost of the mulch. It will have to go on the board agenda for approval. If you can let me know what that would be, then I can get it added onto the next meeting.

Thanks!

It was great seeing everyone today on the meeting. Just let us know when you get the approval for the mulch project and Shari will get the playground mulch ordered.

Congrats again to Peter and family on the new baby Collin!
