Dear Vacant,

The Bureau of Special Education (BSE) has reviewed school district and charter school contingency fund applications for partial reimbursement under 24 PS 25-2509.8, Extraordinary Special Education Program Expenses. These applications were reviewed in accordance with the provision of the Contingency Fund Guidelines.

The 2022-2023 guidelines state that applications will be reviewed based on significant student needs, and the greatest financial impact upon the local education agency (LEA) in meeting these needs. Applications submitted on behalf of your LEA were reviewed in accordance with these guidelines, found eligible for reimbursement and will receive an award in the amount of \$142,515.00.

If further clarification is necessary, contact Janette Fulton, Special Education Adviser, at 717-425-5442, or via email at [janfulton@pa.gov](mailto:janfulton@pa.gov).

Thank you for your continued cooperation.

Sincerely,

*Carole L. Clancy*
