RE: Baseball Scoreboard Proposal

Dear Mike:

We are pleased to offer our revised proposal for new baseball scoreboard. This is the same model as you currently have installed on the field and our intention is to mount this board to your current mounting structure. We offer the following:

| | | | | |
|---|---------|--|------------------|------------------|
| 1 ea | BA-624 | Baseball scoreboard, 6' high by 16' wide. This board uses 24" high digits to show SCORES and INNING and 2.5" diameter "dot" indicators for BALL, STRIKE, OUT and H/E. | | |
| 1 ea | Stripe | Decorative border striping | | |
| 1 ea | RC-200 | Handheld console to allow for wireless radio operation. | | |
| 1 lot | Install | Installation to include the removal of the existing scoreboard, lift and attach the new scoreboard to the existing structure, make the needed electrical connections using the existing electrical service, connect the new radio equipment, test and train school personnel on operation. | | |
| All of the above delivered & installed for | | | PRICE: \$ | 11,500.00 |

Optional Accessories

| | | | | |
|--|---------|--|------------------|---------------|
| 1 set | Screens | Protective screen set to go over top of all digits so the LED's are protected from being struck by baseballs and other hard thrown objects. | | |
| Additional amount for this item | | | PRICE: \$ | 450.00 |
| 1 ea | MX-1 | Daktronics mobile score App that allows the user to operate the scoreboard thru their cell phone. Includes a Bluetooth device to be mounted in the pressbox/home plate area that will sync up with the user's phone to allow transmission of the game date to the scoreboard. Two versions are offered, with and without a weatherproof enclosure. NOTE: 120vac is needed in the mounting area in order to power the Bluetooth device. | | |
| Additional amount non-weather proof enclosure | | | PRICE: \$ | 550.00 |
| Additional amount weather-proof enclosure | | | PRICE: \$ | 980.00 |

- NOTES:
- 1) Prices are firm for orders placed by 12/21/23 and shipped by 7/1/23. Price includes normal motor freight shipping costs. Prices do not include any sales or use taxes.
 - 2) Shipments are approx 20 to 24 weeks after receipt of order and approval of any artwork.
 - 3) Prices include the manufacture's 5 year parts warranty & parts guarantee.
 - 4) Prices are based on installing the new boards on the existing mounting structure. ISI assumes no responsibility for the current condition of that structure as that responsibility is to be by the school district.
 - 5) Installation is for scope of work as detailed. Should any of the scope of work change, we'd reserve the right to adjust installation pricing accordingly (if necessary).

Please let me know if you have any questions. Thank you for your consideration.

TERMS: NET 30 days from date of invoice, no retainage allowed.

Sincerely,

Jerry A. Zaleski
