School of Education

The School Board Leadership Collective

Folks,

Some of you have inquired about the status of the mini-grants connected with attendance to the School Board Leadership Collective event on April 10, 2024. If you are receiving this email, your grant application has been approved. Our business office is currently working on the processing of applications for these grant funds.

With multiple school districts receiving grant funds, the processing will take some time as there is one person who handles all of this work for the entire School of Education. I ask for your patience as she is working through the required business procedures as quickly as possible. I am hopeful that the funds will reach you in the next 30 to 60 days. If you have any questions, please let me know.

With kindest regards,

Tom
