

Thank you for your willingness to partner with Chatham University's Education Department.

The Pennsylvania Department of Education requires us to provide evidence of students participating in developmental field experiences and student teaching, under the supervision of college personnel and cooperating teachers who are well trained, highly qualified and who demonstrate competence in teaching and mentoring in the field of PreK-12 grade levels.

Each semester we work with representative(s) of the school district to determine placements between Chatham University students and cooperating teachers. Our Chatham University students will be prepared with their original Federal FBI, Pennsylvania Child Abuse and Criminal History clearances. They will give copies of the originals to their host schools. Copies are also on record in Chatham University's education department. Students follow the Pennsylvania Departments of Education requirements for clearances.

By signing this letter, you are agreeing to collaborate with Chatham University's education department under Pennsylvania's Chapter 49-2 for the next five years. You may terminate this agreement at any time.

Thank you for supporting the next generation of teachers.
