

Running Track Surface Option

	Red Track	Red with blue Exchange Zones	Black Track	Black Track with blue Exchange Zones
Total Cost	\$0.00 (no additional cost)	\$108,811.00	\$0.00 (no additional cost)	\$108,811.00

* FYI A red track is not CV red, it is the “red” that we had previously

* A request was recently asked regarding Red D Zones if the board chooses to add this option there most likely will be an additional cost for a different color in D zones
