Application for a New Student Activity Club

Please complete the following information and submit it to the building principal:

Name of Applicant(s): Sebnem Meryem Ozturk

Name of Proposed Club: Environmental Club

Date Application Submitted: 12/8/2020

1. Purpose and objective of the club.

The purpose of environmental club is to raise awareness on environmental issues within our current world such as protection of clean water/lands, bad management of waste, trashing, pollution of air, deforestation, loss of biodiversity, ozone damage, food waste, non-renewable energy and a lot more. Our objective is to make CV more sustainable while spreading awareness.

2. Detailed description of activities, events and frequency of meetings.

- Create posters about things a normal individual can do to help environmental issues.
 - Do fun researches on different issues along with solutions to tell the class.
 - Plant trees to a nearby forest/place (if allowed).
 - Do fund raising to donate to charities that help fight issues.
 - Try out ways to be environmental friendly by riding bikes, using re-usable items, using items that can decompose, etc.
- The club will meet once a month after school.

3. List of students and grade who request membership in first year.

Sebnem Meryem Ozturk, grade 10.

4. Club sponsor (Must be a faculty member unless otherwise authorized by the Superintendent).

Clayton McGalla

Club Sponsor Signature: _____

Disclaimer: A club is a student sponsored organization during the probationary period of the first 5 years. Sponsors will not get paid during the initial 5 year probationary period.
